CUPRA LEON

↑ *THE FREEDOM
TO EXPLORE*

Cruise the city with a 60 km* electric range
and recharge at home in approximately
3h 40 min with the CUPRA Charger by Elli.
When you want to explore further afield,
automatically combine both engines for
a total range of 690 km.

↑ *DRIVE FOR OTHERS.
DRIVE FOR YOURSELF*

With the option to drive conscientiously
using the electric engine. Or at full, combined
power of up to 245 hp.

*The accurate range for your vehicle will vary according to a number of different factors which include the route, weather conditions, vehicle load (occupants + luggage), battery age and condition, optional equipment (alloys, tyres, etc.), the use of peripheral energy consumption systems such as heating, air conditioning and heated seats, as well as your driving style.

The indicated range has been calculated in compliance with WLTP standards, which set out test conditions applicable to all car manufacturers to ensure the comparability of these tests for all vehicles.

POWER

↓ *ROOM FOR IT ALL
WITH UP TO 1600L*

Ample space for all the family, with 1,600l in the petrol version and 1,450l in the e-HYBRID. Plus, a stylish rear cabin that allows all of your passengers to travel in pure comfort en route. Fix a baby seat securely in the back seats and enjoy the added comfort of arm rests.

↓ *FILLED WITH
INTERIOR LIGHT*

Bring the outside in and make the most of those glorious days with the expansive panoramic sunroof.

↑ *BOUNDLESS
POTENTIAL*

A bigger boot for bigger challenges. With hands-free access and a 425l capacity, perfect for family adventures.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

→ *PETROL
PERFORMANCE*

Go from 0-100 km/h in just 4.9 seconds in the CUPRA Leon Sportstourer, with 4WD Technology, twin exhaust pipes and a formidable 310 hp petrol engine.

↑ *PURE,
SPORTING
POWER*

The CUPRA Leon 5D petrol version has a powerful 300 hp engine, taking you from 0-100 km/h in 5.7 seconds.

* Not available for 18" wheels. Not compatible with 204 HP e-HYBRID engine.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

↓ *EXCLUSIVE BREMBO
BRAKE CALIPERS*

A petrol exclusive, fitted with Brembo brake calipers* with sport uprights for enhanced stopping power.

CUPRA LEON VZ CUP

THERE'S SOMETHING ABOUT THE RUSH OF PURE PERFORMANCE THAT MAKES IT FEEL LIKE TIME ITSELF HAS STOPPED AROUND YOU. THE CUPRA LEON VZ CUP IS A VERSION THAT FULLY EMBODIES THAT SENSATION. IN A SLEEK PETROL BLUE MATTE, COMPRISING THE MOST POWERFUL COLLECTION OF ENGINES ALONG WITH MAXIMUM PERFORMANCE EQUIPMENT, IT'S A NOD TO THE FIERCE SPORTINESS AND EVER-EVOLVING SPIRIT OF CUPRA.

THE NAME WAS CREATED BY MERGING THE SPANISH WORD "VELOZ" MEANING "SPEED", AND "CUP" REFERRING TO THE CUP BUCKET SEATS WHICH ARE EXCLUSIVELY AVAILABLE IN VERSIONS WITH ONLY THE HIGHEST PERFORMANCE ENGINES. THE VZ CUP HAS BEEN ENGINEERED TO PUSH THE THRESHOLD WITH A ROBUST DESIGN. GETTING BEHIND THE STEERING WHEEL COMPLETE WITH START ENGINE BUTTONS IS GUARANTEED TO EVOKE A WHOLE NEW IMPULSE OF POWER THAT CAN ONLY BE FELT TO BE BELIEVED.

Our global range of cars and product specifications varies from country to country.
Please, visit your local CUPRA website to know more about the product offer available for you.

CUPRA LEON

↓ CUPRA LEON VZ CUP

Advanced sportive power and style put the VZ CUP version in a league of its own. Designed for enhanced performance with an exclusive feel, every detail is meticulously considered down to the optional mirror covers in refined Copper Carbon Fibre. The rear spoiler comes in matching Copper Carbon Fibre, which is unique to the model. The interior is just as impressive, featuring CUP Bucket seats in Genuine Petrol Blue or Black leather and matching dashboard with Copper stitching. The power train consists of the most powerful engine, sure to awaken and amplify every driving experience.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

↑ CUPRA LEON SPORTSTOURER VZ CUP

When it comes to a superior expression of performance, the Sportstourer VZ CUP delivers just that. Like the CUPRA Leon VZ CUP model, it comes in Petrol Blue Matte, featuring optional Copper Carbon mirror covers, 19" Performance wheels with Brembo brake calipers, and the iconic CUP Bucket seats in Genuine Petrol Blue or Black leather. But what sets it apart is its exhilarating engine that makes it the most powerful version yet.

↑ *THE FINISHING TOUCH*

For a more sportive and streamlined drive, the CUPRA side skirts feature Dark Aluminium accents to optimise the version's aesthetic while at the same time matching with exterior details.

↙ *NEXT-LEVEL AERODYNAMICS*

These lightweight 19" Performance wheels come in Sport Black and Copper and feature the optional addition of award-winning Brembo brake calipers for striking stopping power.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

↑ *REFINED AND PROGRESSIVE*

The hero of this version. Specially crafted, racing-inspired CUP Bucket seats with Carbon fibre backing are made from 100% Genuine Petrol Blue or Black leather, giving the VZ CUP a superior and unrivalled character.

↘ *BOLD DYNAMISM*

Take hold of a distinct surge of power with the CUPRA steering wheel in leather, complete with integrated drive mode and start engine buttons.

CUPRA LEON VZ

FOR THOSE WHO TAKE THE ROAD LESS TRAVELLED. THE CUPRA LEON VZ GIVES YOU A RANGE OF HIGH-PERFORMANCE POWERTRAIN OPTIONS, STARTING FROM 245HP. COMPLETE WITH 19" AEROWHEELS FOR A SUPERIOR EXPERIENCE WHEREVER YOU'RE HEADING. PLUS, A 12" NAVIGATION SYSTEM AS STANDARD WITH ALL THE LATEST AUTONOMOUS ASSISTANTS FOR A SAFER, MORE ENJOYABLE EXPERIENCE WHILE DRIVING.

THE CUPRA LEON VZ EVEN GIVES YOU THE OPTION OF ADVANCED, PERFORMANCE SUPPORTING BUCKET SEATS SO YOU CAN ENJOY OPTIMUM RACING COMFORT.

Our global range of cars and product specifications varies from country to country.
Please, visit your local CUPRA website to know more about the product offer available for you.

✓ CUPRA LEON SPORTSTOURER VZ

The truest expression of raw power, enhanced by modern technology and maximum space. The CUPRA Leon Sportstourer VZ offers a range of high-performance powertrain options to give you a high-octane experience on any road. Autonomous driving technology and optional Matrix LED headlights enhance safety and visibility, so you can focus on absolute performance.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

↑ CLOSER CONTROL

With integrated drive mode and start engine buttons that allow you to modify and calibrate your setup, the CUPRA Steering wheel is leather finished for enhanced comfort and style: giving you maximum control right at the tip of your fingers.

↘ HIGHER PERFORMANCE

Enjoy pure style, sophistication and a smoother ride overall with 19" Aerowheels with a matching copper finish to give total performance to give you increased efficiency on any road.

CUPRA LEON

DARING AND DYNAMIC, THE NEW CUPRA LEON OFFERS A RANGE OF POWERTAINS, STARTING FROM 150HP SO YOU CAN ENJOY A BESPOKE DRIVING EXPERIENCE. WITH OPTIONAL 18" ALLOY WHEELS IN SPORT BLACK AND COPPER* TO PROPEL YOU POWERFULLY FORWARD.

ON THE INSIDE, THE CUPRA LEON HAS COMFORTABLE TEXTILE SPORTS SEATS. COMPLETE WITH A USER-ORIENTATED DASHBOARD AND OPTIONAL 12" TOUCHSCREEN WITH NAVI SYSTEM TO OPTIMISE THE DRIVING EXPERIENCE. PLUS, THE ICONIC WRAPAROUND LED AMBIENT LIGHT.

Our global range of cars and product specifications varies from country to country.

(depending on engine). Black Interior roof recommended. These
wheels will be available with e-HYBRID 204HP engine from w.02/23.
Review Design pack configuration (page 74-75).

✓ FOLLOW YOUR IMPULSE

Sporty, comfortable and more spacious. Increase your driving passion in the CUPRA Leon Sportstourer, with a panoramic sunroof and high-powered exhaust pipes in timeless Dark Aluminium, the perfect complement to the roof spoiler in Midnight Black. Add to this a range of powertrain options starting at 150hp and upwards, and the CUPRA Leon Sportstourer truly lets you feel the road in your own way.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

*18" Alloy wheels in Sport Black and Copper also include: Midnight Black roof spoiler, Dark Aluminium pedals and side skirt (depending on engine). Black Interior roof recommended. These wheels will be available with e-HYBRID 204HP engine from w.02/23. Review Design pack configuration (page 74-75).

↑ A SUPERIOR EXPERIENCE

Ride in complete comfort. The CUPRA Leon comes with sport textile seats and a user-oriented dashboard with an optional Dark Aluminium pedals and matching footrest.

↘ MOVING IN STYLE

Embrace a next-level driving experience with your choice of exclusive 18" Alloy wheels in Sport Black & Copper* and side skirts in Dark Aluminium.

Our global range of cars and product specifications varies from country to country.
Please, visit your local CUPRA website to know more about the product offer available for you.

INNOVATION

THE CUPRA LEON HAS BEEN
AWARDED A 5-STAR EURO NCAP
SAFETY RATING.

↑ OPTIMUM COMMAND

The CUPRA Steering wheel in leather with integrated drive mode buttons gives you total control at your fingertips. Start and stop the engine at the touch of a button. And shift up and down through the gears without taking your hands off the wheel.

* Available from w.40/22.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

↗ MATRIX LED TECHNOLOGY

Built to increase safety and visibility when driving at night. Matrix LED* let you drive with your high beams on even when others are around you. The light beam is divided into 8 segments and a central camera detects the position of other vehicles. The system turns off the segment of your headlight that would otherwise dazzle the other driver, while keeping the rest of the segments on.

The technology also prevents dazzling caused by light bouncing off reflective surfaces like traffic signs so that you can drive with absolute precision and ease.

↓ 12" TOUCHSCREEN

Staying in control is easier than ever. The voice controlled 12" Navi System touch screen allows you to customise the information you need into 3 accessible panels.

Choose from 4 distinct driving profiles. To make the most out of your CUPRA Leon, you can access CUPRA Mode instantly by holding down the drive mode button on the satellite steering wheel, this will give you a sportier driving experience.

→ *TRAFFIC
JAM ASSIST*

Traffic Jam Assist automatically controls braking according to what's happening ahead, while keeping you in the centre of the lane. Very useful in stop-start traffic.

→ *SIDE &
EXIT ASSIST*

Exit Assist warns of approaching traffic from behind and activates a signal in your wing mirrors, helping you to change lanes safely.

← *ADAPTIVE
CRUISE
CONTROL
PREDICTIVE*

Sensors monitor traffic up ahead and adjust your speed accordingly. Keeping you moving forward, safely and accident free.

← *TRAFFIC
RECOGNITION
SYSTEM*

Traffic Sign Recognition detects road signs and displays speed limits on your Infotainment system, preventing you from exceeding it.

CUPRA CONNECT

ALWAYS CONNECTED, TO YOUR CAR AND TO THE WORLD AROUND YOU, ANYWHERE AND AT ANY TIME VIA THE CUPRA CONNECT APP OR ON YOUR CUPRA INFOTAINMENT SYSTEM. DISCOVER A RANGE OF ONLINE AND CONNECTED SERVICES THAT WILL TRANSFORM YOUR EXPERIENCE.

↑ SAFETY AND SERVICE

If you have any questions about your CUPRA CONNECT services, you can speak directly to a CUPRA customer care agent via your car's voice connection feature. And in the event of a setback, you can use the Breakdown Call feature to send all relevant data to the Roadside Assistance team, who can then bring you to your closest partner who is always ready to get you back on track.

* Remote Access & Online infotainment service clusters include a free-trial period. After this period, in order to keep enjoying the service a renewal is required.

For more information about the availability of the CONNECT packs, please consult the onboard manual.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

↑ REMOTE ACCESS SERVICES*

Spot your car in the crowd, lock and unlock remotely, check your vehicle's status and much more.

↓ ONLINE INFOTAINMENT SERVICES*

See real-time traffic updates and optimise your routes on the go.

Take to the trail by loading up your bike on the specially designed bike roof rack. Fastening is straightforward and allows you to swiftly fit your bike into position on your roof.

CUPRA LEON

↑ *TOWING BRACKET BICYCLE CARRIER*

Cycling reimagined. Share the adventure by attaching up to 3 bikes at a time. The carrier secures easily onto the steel tow ball, allowing you more time for exploration on 2 wheels.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

ENVIRONMENTAL INFORMATION

LIGHTING

Headlamps and rear lamps are 100% LED: reducing significantly power consumption and increasing life and effectiveness of the lamps.

RENEWABLE AND RECYCLED MATERIALS

Presence of 15 kg of plastic of recycled origin (6.5% vs. total vehicle plastic) and use of renewable materials (cotton, natural rubber and cellulose) in different parts of the vehicle.

SEATS

The use of new PUR foam formulations reduces the emission of volatile organic compounds (VOCs) in the cabin interior by up to 50%.

BRAKES

Incorporation of RBO technology (which reduces the residual brake torque between the brake pad and disc), permits an emissions reduction of up to 1g CO₂/100 km.

AERODYNAMICS

Improved vehicle aerodynamics, thanks to optimised design of the bodywork, wheels and cooling system.

BODYWORK

Use of ultra-high strength steel, which together with hot stamping technology, permits a reduction in thicknesses and weight without loss of performance.

ACOUSTICS

All versions incorporate a double-seal system on the doors, which reduces noise levels and enhances comfort.

TYRES

Low rolling resistance tyres reduce the rolling resistance coefficient.

MANUFACTURING PROCESS

During the period from 2010 to 2021 we reduced the CO₂ emissions per manufactured car by 61%, whilst also cutting the energy demand per car by 17%. Additionally, we've achieved a 29% saving in water consumption and a 75% reduction in waste generated per car.

Sludge generated in our Paint Shop is recovered and reused as base material for the construction of paved roads, helping us to reduce the amount of waste generated in our productive processes and the use of raw material in their construction.

Our global range of cars and product specifications varies from country to country.
Please, visit your local CUPRA website to know more about the product offer available for you.

ENVIRONMENTAL INFORMATION

ENGINES

e-HYBRID: The all-electric motor in the e-HYBRID engine enables zero emission driving in electric mode.

INTELLIGENT HYBRID

This function make it easy for the driver to conserve and optimise electric power based on the planned route.

ZERO EMISSION

Indicator that displays the distance driven with zero emissions using e-Mode.

E-RANGE MONITOR

Informs the driver of the increase in range of electric-only engine when combustion -only is off.

CIRCULAR ECONOMY

We are advancing several initiatives and actions regarding circular economy in our processes to be more efficient, minimise our waste and reduce the environmental impact of our supply chain.

TECHNICAL SPECIFICATIONS

Discover all the technical specifications by engine type, from emissions and consumption data; to performance statistics and transmission types.

Here you'll find all the technical aspects covered so you can make an informed selection when it comes to your CUPRA Leon.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

FROM W.14/23, TWO NEW DIESEL
ENGINES WILL BE AVAILABLE
(TECHNICAL INFORMATION
WILL BE UPDATED THAT WEEK).

¹ The accurate range for your vehicle will vary according to a number of different factors which include the route, weather conditions, vehicle load (occupants + luggage), battery age and condition, optional equipment (alloys, tyres, etc.), the use of peripheral energy consumption systems such as heating, air conditioning and heated seats, as well as your driving style.

The indicated range has been calculated in compliance with WLTP standards, which set out test conditions applicable to all car manufacturers to ensure the comparability of these tests for all vehicles.
